City Council Agenda Form

Meeting Date: April 7, 2020
Agenda Item Title: Energy Rates
Department: City Manager

Agenda Item Description: Staff review and recommendation to lower customer energy rates

Background: In October 2019, historic revenue and expenses, plus projections indicated the energy rate could be lowered. To confirm this indication, a \$0.01 ECA credit began to be applied to all customer classes; effectively lowering their energy rate. For example an in-town residential customer pays 10.115 cents per KWH. With the ECA credit they were actually paying 9.115 cents per KWH or 9.8% less. In town commercial customers pay 10.364 cents per KWH. With the 1 cent ECA credit, they were effectively paying 9.364 cents per KWH or 9.6% less for energy.

Continuing to monitor revenue and expenses with six months of the ECA credit being applied, staff is comfortable recommending that Council permanently lower the energy charge to all customer classes by 1.25 cents per KWH.

City Attorney Review/ Comment: 03/31/2020

Funding Source: N/A

Options:

1. Approve the ordinance lower the energy rate of all customer classes by 1.25 cents per KWh.
2. Provide staff with alternate direction
3. Take no action - energy rates remain unchanged

Staff Recommendation: Approve the ordinance lower the energy rate of all customer classes by 1.25 cents per KWh.

City Council Agenda Form

Meeting Date: April 7, 2020
Agenda Item Title: Remote Participation Policy
Department: City Manager

Agenda Item Description: Temporary Suspension of Council Remote Participation Policy

Background: The Council has a policy establishing guidelines for councilmembers to remotely attend and participate in council meetings. The policy, adopted in 2015, limits a councilmember to participating remotely two (2) times per calendar year and they may not participate in executive sessions. To adhere to Governor Kelly's Executive Order #20-14, and in preparation of possible more stringent restrictions, councilmembers may choose to participate remotely during the public health emergency. To avoid any conflict, Council is asked to suspend the "Remote Participation in City Council Meetings" policy dated March 17, 2015 effective immediately and until rescinded or until the statewide State of Disaster Emergency proclaimed March 12, 2020, relating to COVID-19 expires, whichever is earlier.

City Attorney Review/ Comment: 03/30/2020

Funding Source: N/A

Options:

1. Suspend the Remote Participation in City Council Meetings policy dated March 17, 2015 effective immediately and until rescinded or until the statewide State of Disaster Emergency proclaimed March 12, 2020, relating to COVID-19 expires, whichever is earlier
2. Take no action - the policy remains in effect

Staff Recommendation: Suspend the Remote Participation in City Council Meetings policy dated March 17, 2015 effective immediately and until rescinded or until the statewide State of Disaster Emergency proclaimed March 12, 2020, relating to COVID-19 expires, whichever is earlier

Attachment(s): Remote Participation in City Council Meetings policy

SUBJECT	ISSUED BY	EFFECTIVE DATE	REVISION DATE
REMOTE PARTICIPATION IN CITY COUNCIL MEETINGS	CITY COUNCIL	3-17-15	

POLICY STATEMENT:

The intent of this policy is to establish reasonable guidelines for councilmembers to remotely attend and participate in official legislative functions when they are unable to be physically present at a meeting. It is not the intent of this policy to require remote participation during every absence; rather, it is to preserve the ability of councilmembers to participate in important decision-making despite personal circumstances.

Procedure:

Participating Remotely:

Councilmembers may participate remotely when their physical attendance is unreasonably difficult due to:

- Personal illness, injury, or disability;
- Emergencies, or;
- Geographic distance.

Council members may remotely participate in a maximum of two (2) meetings each calendar year.

Remote participants act as full participants in public meetings. They are considered present and in attendance, and may cast votes. They may not participate in executive sessions.

Technology:

Remote participants may use any method that allows them to clearly hear and be heard by all participants in a meeting, including the public. They may additionally elect to use a method that allows them to send and receive video. Such video will be visible to all participants in the meeting, including the public.

All communications made during a public meeting remain subject to the Kansas Open Meetings Act. Accordingly, other forms of communication (such as typed messages) are prohibited unless part of an accommodation for a disability, such as a TIY relay service.

Procedures:

Councilmembers who intend to participate remotely should notify the City Manager as early as possible to allow for any necessary preparations. Unless there is an emergency, councilmembers should provide at least 24 hours notice.

At the beginning of the meeting, the City Clerk will state the names of remote participants. The City Clerk will explicitly note remote participants in the minutes, as well as when remote participants enter or leave the meeting (for example, due to a technical issue).

In the event that a remote participant experiences technical difficulties, the chair should suspend discussion until the remote participant is again present. The chair may remove remote participants if repeated or prolonged technical issues hinder the progress of the meeting. In general, delays collectively lasting longer than five (5) minutes are considered to hinder the progress of the meeting.

City Council Agenda Form

Meeting Date: April 7, 2020
Agenda Item Title: Community-Wide Cleanup Day
Department: City Manager

Agenda Item Description: Consider Cancellation of Community Clean Up Day Due to Public Health Crisis

Background: This year's community-wide clean up day is scheduled for April 25, 2020. The Governor's Stay-at-Home order is set to expire on April 19, 2020. However, during his March 30, 2020, press conference KDHE Secretary Dr. Norman said he expects Kansas' COVID-19 cases to peak around April 24, 2020.

Based on the continuing public health crisis, staff recommends the Community-Wide Cleanup Day scheduled for April 25, 2020 be canceled.

City Attorney Review/ Comment: 03/31/2020

Funding Source: N/A

Options:

1. Cancel the Community-Wide Cleanup Day scheduled for April 25, 2020
2. Provide staff with alternate direction
3. Take no action - the event remains scheduled

Staff Recommendation: Cancel the Community-Wide Cleanup Day scheduled for April 25, 2020

City Council Agenda Form

Meeting Date: April 7, 2020
Agenda Item Title: Municipal Electric Utility Maintenance Assistance Agreement
Department: City Manager

Agenda Item Description: Municipal Electric Utility Maintenance Assistance Agreement

Background: Many cities within the United States, and especially in Kansas, are challenged with finding, hiring, and retaining linemen. The biggest obstacles is the inability to pay market wages for these highly skilled and trained employees. KMEA created a Maintenance Assistance Agreement (MAA). The MAA functions as a standing request for assistance, sets project control structure, and reimbursement rates. The agreement is between the Cities of Russell, Colby, Dighton, and Garden City. A response to a request for help under this agreement is discretionary; we do not have to respond. If the request for aid is due to a major disaster or emergency, the response would be under our mutual aid agreements.

City Attorney Review/ Comment: 03/30/2020

Funding Source: N/A

Options:

1. Approve the Municipal Electric Utility Maintenance Assistance Agreement as presented.
2. Provide staff with alternate direction
3. Take no action - the City of Russell does not participate

Staff Recommendation: Approve the Municipal Electric Utility Maintenance Assistance Agreement as presented.

Attachment(s): None

Municipal Electric Utility Maintenance Assistance Agreement

This agreement is made and entered into this _____ day of _____, 20____, by and between the Cities of _____, Kansas (“Participating Cities” or “Party” in singular or “Parties”) for the purpose of providing policy for, and regulating, this Electric Distribution Maintenance Assistance Agreement (“Agreement”) between the signatories of this Agreement.

Whereas, the Participating Cities wish to promote the efficient and safe use of all available equipment and personnel within the jurisdictions of the Parties. This Agreement provides for assistance from the Participating Cities for general maintenance, equipment repair, equipment replacement and electric system improvement(s) or any situation where assistance is deemed necessary or appropriate.

NOW, therefore, in consideration of the mutual covenants stated herein and the benefits resulting to the public, the Parties agree:

1. **General Agreement.** This agreement shall function as a standing request for assistance among the Parties whereby one Party may request assistance (“Requesting Entity”) from the other Parties (“Aiding Entity” or “Aiding Entities” if more than one Party assists).
2. **Request for Aid.** The Requesting Entity shall make a request to the Aiding Entity within a reasonable time after aid is needed and with reasonable specificity as to the type(s) of aid requested including the appropriate personnel and equipment needed. For providing aid, the Requesting Entity agrees to compensate the Aiding Entity as specified in this Agreement.
3. **Discretionary Rendering of Aid.** Rendering of aid is entirely at the discretion of the Aiding Entity; however, Aiding Entity shall promptly and timely respond to any such request for aid. The agreement to render aid is expressly not contingent upon the declaration of a major disaster or emergency by the federal government or upon the receipt of federal funds. It is the intent of the Parties to utilize the Kansas Municipal Utilities Mutual Aid Agreement (or any successor agreement) for those major disasters or emergencies.
4. **Project Control Structure.** A project control structure will be set at the time of request and shall be the management structure utilized at all times for the activities under this Agreement. When possible, each Aiding Entity should make contact with the Requesting Entity for instructions on how the management of the project is structured and who they should report to for assignments.

5. Change in Conditions. No major changes affecting the ability of any Party to respond to a request should be made without notification to the other Parties. Inability to respond and assist as provided in this Agreement due to equipment failure, manpower shortage, a utility emergency in a Party's own jurisdiction, or other cause should be relayed to the Requesting Entity as soon as possible so other resources can be summoned.
6. Release of Aiding Entity. Aiding Entities shall be released by the Requesting Entity when their services are no longer needed or when the Aiding Entity is needed in its own jurisdiction. The personnel in charge of the Aiding Entity should notify the Requesting Entity project control structure stating the issue requiring its removal before leaving.
7. Invoice to the Requesting Entity. Within 30 days of the completion of work, the Aiding Entity shall submit to the Requesting Entity an invoice of all charges related to the aid provided pursuant to this Agreement. The invoice shall contain only charges related to the aid provided pursuant to this Agreement.
8. Charges to the Requesting Entity. Charges to the Requesting Entity from the Aiding Entity shall be as follows:
 - (a) Labor force. Charges for labor force shall be in accordance with the fee schedule provided in Exhibit A.
 - (b) Equipment. Charges for equipment, such as bucket trucks, digger derricks, and other special equipment used by the Aiding Entity, shall be in accordance the Federal Energy Management Agency ("FEMA") Schedule of Equipment Rates, as may be amended from time to time.
 - (c) Transportation. The Aiding Entity shall transport needed personnel and equipment by reasonable and customary means and shall charges for such transportation shall be in accordance with the standard mileage rate established by the Internal Revenue Service ("IRS").
 - (d) Meals, lodging, and other related expenses. Charges for meals, lodging, and other expenses related to the provision of aid pursuant to this Agreement shall be the reasonable and actual costs incurred by the Aiding Entity but in no case be greater than the per diem rates for lodging and meals and incidental expenses as established by the General Service Administration ("GSA"). The Requesting Entity may furnish the meals, lodging and other such expenses for the personnel of the Aiding Entity.
9. Insurance. For each Party, insurance coverage continues for employees working outside their home City, provided that individual is working as an agent of his/her City and not in a free-lance capacity. The Aiding Party shall provide proof of insurance for vehicle, workers compensation, equipment rental and liability insurance, if requested by the Requesting Entity. Each Party should have in its file a letter from their own insurance carrier authorizing them to work under the guidelines of this Agreement, and that there will be no lapse in their insurance coverage either on employees, vehicles, or liability.

Under no circumstances shall the Aiding Entity, or its employees, be liable to the Requesting Entity, its inhabitants, or others, for any damages arising in a way as a result of the rendering of such aid or the failure to respond to a call for such aid.

10. Counterparts. The Requesting Entity and Aiding Entities may execute this Agreement in one or more counterparts, with each counterpart being deemed an original agreement, but with all counterparts being considered one agreement.
11. Jurisdiction and Applicable Law. This Agreement shall be subject to the laws of the State of Kansas and any and all legal proceedings relating to this Agreement and the Parties to this Agreement shall be brought in the State of Kansas.
12. Indemnification and Sovereign Immunity.
 - (a) Labor force. Charges for labor force shall be in accordance with the Aiding Entity's standard practices.
 - (b) Requesting Entity shall indemnify, hold harmless, and defend Aiding Entity and its employees from and against any and all claims, losses, damages, costs, suits, judgments, and expenses as a result of any damage or injury to any person or any property of the Aiding Entity or any of its employees, to the Requesting Entity or any of its employees, to any third party, or to any other person or property, arising out of this Agreement, including, but not limited to, bodily injury, including death, and damage or destruction of any property, whether or not due in whole or in part to any act, omission, or negligence of Aiding Entity, and for workers compensation claims, costs, and expenses. Requesting Entity shall not be liable for any claims, losses, damages, costs, suits, judgments, and expenses, including, but not limited to, bodily injury, including death, and damage or destruction of any property, stemming from actions or activities not related to the performance of the scope of work for which this Agreement was executed.
 - (c) In the event any claim or demand is made or suit or action is filed against Aiding Entity or any of its personnel alleging liability for which Requesting Entity shall indemnify, hold harmless, and defend Aiding Entity under the above language, Aiding Entity shall promptly notify Requesting Entity thereof, and either (1) Requesting Entity, at its sole cost and expense, shall settle, compromise, or defend the same in such manner as it, in its sole discretion, deems necessary or prudent so long as Aiding Entity is fully indemnified and protected; or (2) the Parties may agree that Aiding Entity may provide for its own defense and shall be reimbursed by Requesting Entity for any and all reasonable costs thereof, including, but not limited to, any damages awarded and attorneys' fees.

(d) Aiding Entity, acting on behalf of Requesting Entity under this Agreement, shall be entitled to all appropriate defenses, including sovereign immunity, available to Requesting Entity under applicable law.

13. Severability. If any section, paragraph, clause, or provision of this Agreement shall be finally adjudicated by a court of competent jurisdiction to be invalid, the remainder of this Agreement shall be unaffected by such adjudication and all of the remaining provisions of this Agreement shall remain in full force and effect as though such section, paragraph, clause, or provision or any part thereof so adjudicated to be invalid had not been included herein.

14. Term; Termination; Amendments.

(a) This Agreement will become effective on its execution or on May 1, 2020 whichever is later, and shall remain in full force and effect through December 31, 2023. This Agreement may be terminated by any Participating City at any time by providing written notice to the other Parties at least 30 days in advance of specifying a termination date. Any amounts due and owing to Aiding Entity for assistance provided under this Agreement are not affected by any termination and must be paid by Requesting Entity.

(b) Except as expressly provided with respect to updates of Exhibit A, any and all amendments to this Agreement shall be made in writing, shall specifically reference this Agreement, and shall be executed by authorized representatives of both Parties.

(c) The Parties agree to review and amend, as necessary, the fee schedule provided in Exhibit A on an annual basis. Such revised Exhibit A shall not require a formal amendment to this Agreement.

15. Dispute Resolution. Any disputes with respect to this Agreement shall be provided by the Disputing Party to the other Party in writing. Authorized representatives of the Parties will work to resolve the dispute timely. This provision does not limit or impact either Party's right to seek judicial remedies for disputes under this Agreement.

16. Execution. This Agreement shall be in full force and effect upon the date of execution listed above. Each party hereto has read, agreed to, and executed this Agreement on the date indicated.

Signatures are provided by a duly appointed, elected, or otherwise authorized agent of each participating City.

FEMA's SCHEDULE OF EQUIPMENT RATES

**DEPARTMENT OF HOMELAND SECURITY
FEDERAL EMERGENCY MANAGEMENT AGENCY
RECOVERY DIRECTORATE
PUBLIC ASSISTANCE DIVISION
WASHINGTON, DC 20472**

The rates on this Schedule of Equipment Rates are for applicant owned equipment in good mechanical condition, complete with all required attachments. Each rate covers all costs eligible under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121, et seq., for ownership and operation of equipment, including depreciation, overhead, all maintenance, field repairs, fuel, lubricants, tires, OSHA equipment and other costs incidental to operation. Standby equipment costs are not eligible.

Equipment must be in actual operation performing eligible work in order for reimbursement to be eligible. LABOR COSTS OF OPERATOR ARE NOT INCLUDED in the rates and should be approved separately from equipment costs.

Information regarding the use of the Schedule is contained in 44 CFR § 206.228 Allowable Costs. Rates for equipment not listed will be furnished by FEMA upon request. Any appeals shall be in accordance with 44 CFR § 206.206 Appeals.

THESE RATES ARE APPLICABLE TO MAJOR DISASTERS AND EMERGENCIES
DECLARED BY THE PRESIDENT ON OR AFTER August 15, 2019.
